Peter Kershaw is a best-selling author, Legal and Historical Researcher, and the founder of Heal Our Land Ministries, a First Amendment Legal Research Ministry. Heal Our Land is educating pastors, ministers and church members nationwide in issues of freedom of religion, independence of church and state, and the reestablishment of civil government as America's Founders intended it.

Mr. Kershaw has authored and published several highly successful books, including, *Economic Solutions; How You and America Are Being Bankrupted & What You Can Do To Avoid the Wipeout*, which exposes what he says is, "The greatest economic swindle ever perpetrated on the American People—the Federal Reserve Bank System." Newly released are *In Caesar's Grip*, and *Hushmoney*, which chronicle how State licensing of the church, by incorporation and the 501c3, has muzzled pastors and silenced at least 90% of the estimated 350,000 churches in America.

As founder of Heal Our Land Ministries, Mr. Kershaw travels extensively speaking to churches and ministries, conducting seminars, and bringing them through the legal process of unlicensing and organizing as "free-churches" and "free-ministries."

Mr. Kershaw draws no salary from Heal Our Land Ministries, so he earns his living as a paralegal, asset protection specialist, and business strategic planner. His study of law came as a direct result of his belief in self-reliance, and his distrust of attorneys and a corrupt judicial system.

Mr. Kershaw is a prominent political activist, having served on the board of directors for Right to Life and the Tenth Amendment Committee. He wrote much of the original Tenth Amendment Resolution, which has since been ratified in over half of the several states. A summary of Mr. Kershaw's expertise and experience includes:

- **Best-Selling Author.**
- **Regularly featured radio guest.**
- **Former radio talk show host.**
- **Accomplished and regularly featured public speaker and lecturer.**
- **Asset Protection Consultant and Strategic Planner**
- **Common Law, Constitutional Law and Biblical Law.**
- **Independence (not separation) of Church and State.**
- **Constitutional and Biblical Money.**
- **Strategic planning for the restoration of Christian liberty in America.**

Mr. Kershaw is available for public speaking engagements, and private consultations. His consulting expertise includes unlicensing of churches, asset protection, legal research, litigation evaluation and preparation, and personal and business strategic planning.
